EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Applicant's representative, James R. Bell, Registration number 25,528 submitted a supplemental amendment listing of the claims in response to Examiner's suggestions in a telephone interview on February 22nd, 2007. It should be noted that the supplemental claim amendments are in addition to the amendments submitted in the After Final request for reconsideration received February 13th, 2007, and which examiner adopted herein to put the claims in condition for allowance.

The application has been amended as follows:

IN THE CLAIMS.

Claims 1 and 14 are amended as provided herein (See attached).

Claims 4 and 17 are cancelled.

Allowable Subject Matter

2. Claims 1, 3, 5-9, 13-14, 16, 18-22 and 26 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As pointed out by Applicant, the prior art fails to teach or suggest "in response to identifying incompatible factory installed software, prompt the target system for an approval to uninstall the incompatible software; and in response to a denial of the approval, advance to a next step without uninstalling the incompatible software", as now recited in each of independent claims 1 and 14 and as argued by Applicant (see Applicant's remarks made in an amendment, after final, received January 2nd, 2007, page 7, second paragraph).

Claims 3, 5-9, 13, 16, 18-22 and 26 are considered allowable by virtue of their dependence on allowable independent claims 1 and 14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
